

ANDERSON BOGERT

60+

Established in 1955, Anderson Bogert provides consulting services to private, non-profit, and public sector clients. Based in Linn County, our firm offers services including: civil engineering, planning, surveying, utility coordination, construction observation, public involvement, and grant management. For more than 60 years, Anderson Bogert has shared our team's technical abilities, built relationships with clients, and provided high quality, creative, and sustainable solutions.

Anderson Bogert Staff

Our team consists of **21** highly skilled individuals, **9** of which are licensed professionals. Our project managers have more than **160 years** of combined experience.

30%

More than 30% of our staff is comprised of women. Nationally, approximately 18% of civil engineering firms are comprised of women. (ngcproject.org)

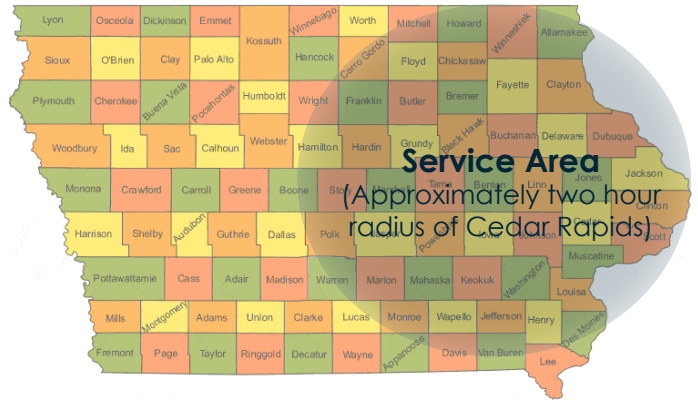

Our Client Partners

Anderson Bogert partners with our clients, whoever they may be. We work to become an extension of our clients' staff.

Below are the clients we work with most often:

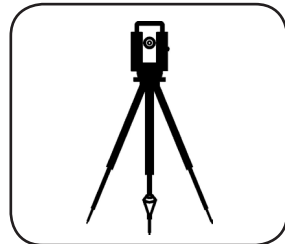

1. City and County Government
2. Developer (Commercial or Residential)
3. Private Business or Individual
4. Schools (K-12, College, University)
5. Architects, Engineering Firms, etc.

We are committed to providing **professional** and **relationship-based** services.

Our Services

Our team believes in sustainable design, value engineering, and working with stakeholders to create a safe, functional, and desirable final product.
